Figure 1 displays four 10x10 grids showing the frequency of letters in the Georgian alphabet (A-Z) for the years 1990, 2000, 2010, and 2020. The letters are arranged in rows: A-Z, I-P, Q-R, S-T, U-V, W-X, Y-Z. The frequency of each letter is represented by a number in the cell. The grids show a general trend of increasing frequency for most letters over time, with some variations in specific letters like 'A' and 'I'.
